FYI. Thread with HQ on this issue, below.

Hey Folks –

I just spoke with the VT ANR leadership, they conveniently have their technical team in a room for a standing meeting tomorrow (Tuesday) at 1230pm eastern, if y'all can make that. If not, they'll take a look at their calendars tomorrow and send me some dates/times (likely later this week or early next, as they're looking to get more intel ASAP).

Thanks again,

Sean

That would be great. Maybe get a couple of date options and we'll see what works best

I can help set something up with VT. If amenable to y'all, I can ask them today when would be good? I'd think they'll want their technical experts on, so that might take a bit of wrangling.

Hey folks – just want to confirm whether I can share this with a state partner?

Thanks
